

EXHIBITION QUARTER, BOWEN HILLS

WHAT: PROJECT UPDATE 6 - COMMUNITY CONSTRUCTION INFORMATION

WHEN: ISSUED WEEK COMMENCING 26th June 2023

WHERE: BRISBANE SHOWGROUNDS PRECINCT

To our valued community,

Works underway

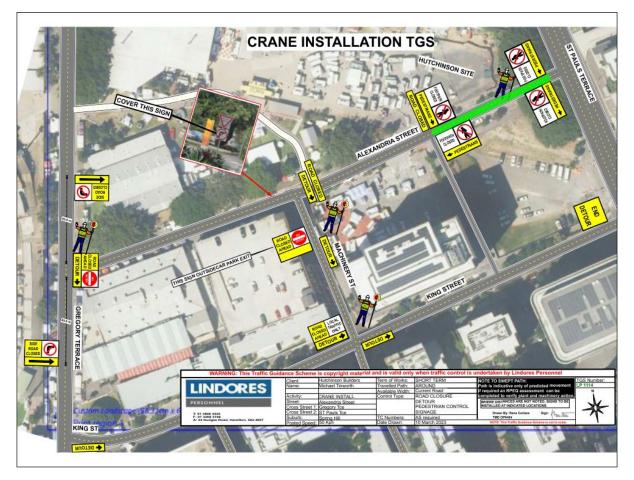

Construction of Exhibition Quarter is progressing well. Concrete works are continuing, and we are continuing to complete large scale concrete works, so please be aware there will be a number of concrete trucks coming to and from site, daily.

The next phase of work will require the use of two cranes, as previously notified.

Upcoming works

The second crane will be arriving on site on Saturday 8th July. The arrival of the crane will impact the traffic in the area, and Alexandria St will be closed from 6.30am to 6.30pm.

During this time, traffic will be redirected via Machinery St and King St.

The introduction of this second crane will not change or increase the construction impacts onsite. The cranes will be onsite until early 2025.

General information

We will continue to do everything possible to minimise any inconvenience and we thank you for your patience while we deliver this exciting new project to Brisbane Showgrounds.

For more information

If you have any further questions about the development or the broader precinct, please do not hesitate to contact Shannon Volp, Stakeholder and Community Engagement Manager, Lendlease Development or visit our website www.exhibitionquarterowenhills.com.au

For any site specific or operational questions, please contact to Mario Crismani, Construction Manager, Hutchinson Builders.

Yours sincerely,

Shannon Volp
