### General information

All works will continue to be completed during business hours from Monday to Saturday between 6.30am and 6.30pm. Alexandria St and Exhibition Street are returned to normal operation when no works are occurring.

Construction workers and administration staff can arrive onsite prior to 6.30am and are authorised to conduct to prepare for the day, conducting administrative duties only. We will manage and mitigate the construction noise from these works as much as possible to limit the impact to the area.

We will continue to minimise any inconvenience where possible and we thank you for your patience while we deliver this exciting new project at the Brisbane Showgrounds.
